Beskrivelse

Aqua Lung s rashguard fabric is made from 80% polyester/20% Spandex. The polyester helps
 All rashguards are SPF50, offering the maximum protection against UVs
 Athletic fit is adapted to diving and watersports:the back is longer than the front and has a
 the board short or a men s swim suit
 A small collar protects the back of the neck when snorkeling, protects from the friction of th
 water, and helps to hold in warmth when used as undersuit
