Beskrivelse

Så er den her , - SCUBAPRO's nye G2 dykkercomputer.

INCREDIBLY EASY. EASILY INCREDIBLE.

Den nyeste udgave af "Galileo" computeren er kommet... sig goddag til "G2"

Intuitive, reliable and bulletproof, we've combined everything you love about the Galileo with ev
It's everything you expect from SCUBAPRO in full color.

Easy to read. Easy to use. Easy to love.

Spend less time reading manuals, and more time enjoying the experience.

Nem at aflæse.

A brilliant, colorful screen with color indicators quickly draws your attention to what you need
The G2 leverages color as a tool to deliver the best readability and usability available. Cho

Nem at bruge.

With the intuitive 3 button control, operating the G2 is a snap.

With the G2 you can transmit your air pressure from up to 9 tanks. And the transmitter blink
level.

Nem at forstå.

The G2 has the same incredibly intuitive menu structure and diver-friendly functions that ear
hands-down easiest computer to use.

Four dive screen templates allow you to see as little - or as much - data as you'd like.

With the industry's leading digital compass - you'll always know where you are headed.

Nem at håndtere.

Bluetooth compatible, the G2 easily syncs with your PC, Mac, Android or iPhone.

The G2 Stores up to 1,000 hours of dive profiles.

And its rechargeable battery lasts up to 50 dives.

Tilpas den til DIG.

With innovative technology and a thoughtful, intuitive design, we created the next generation of

Customize your screen, colors, orientation, and even the attachments to make the G2 truly yours.
Customized menu listings give you the ability to use as much or as little of the technology as you want in trimix, CCR and sidemount modes without downloading or upgrading required.

The G2 is poised to quickly become the favorite computer for all divers of all skill levels and for all types of diving you.

Even your dive profile is one of a kind-based upon your real-time breathing rate, your skin temperature, and your
